## EXPERIENCE

### Indian Railway Catering and Tourism Corporation Ltd. (IRCTC)

New Delhi, India

IT Intern

May 2025 - Jun 2025

- Performed **alert enrichment and triage** by leveraging a 2,000+ IOC and threat-keyword repository, enabling faster identification of high-risk events and **reducing initial investigation time by  $\approx 30\%$** .
- Assessed alert severity and made escalation decisions** by routing confirmed high-impact incidents to specialized teams, minimizing response delays and unnecessary SOC workload.
- Investigated IPS and network security logs** in coordination with NOC and Payment Gateway teams to validate suspicious activity, distinguish false positives, and strengthen visibility into policy violations.
- Documented investigation findings** and supported cybersecurity audits and VAPT observations, contributing to incident records and compliance reviews

## SKILLS

**Technical Knowledge:** Alert Triage, Severity Assessment & Escalation Decisions, False Positive vs. True Positive Analysis, Incident Handling & Documentation, (EDR/Firewall/IDS/IPS) Fundamentals, SIEM (Splunk/Wazuh), IOC Analysis, Python, Bash Scripting, SQL, MS Excel, Power BI, AI-Assisted Anomaly Detection (Awareness)

**Frameworks:** MITRE ATT&CK, NIST Incident Response Lifecycle, OWASP Top 10

**Soft Skills:** Attention to Detail, Clear Written and Verbal Communication, Collaborative, Adaptability to Feedback

## CERTIFICATIONS

**Certified in Cybersecurity (CC)**, ISC2

**Certified Fundamentals in Cybersecurity (NSE1 & NSE2)**, Fortinet

**Certified AppSec Practitioner (CAP)**, The SecOps Group

**Certified Red Team Operations Manangement (CRTOM)**, Red Team Leaders

## PROJECTS

### Windows Log Analysis & Detection Engineering Lab (SOC-Detection-Lab)

Dec 2025

- Performed **alert triage** by correlating Windows EVT logs to distinguish benign activity from suspicious behaviour, developing 10+ Splunk & Sigma detections mapped to MITRE ATT&CK and **reducing false positives by  $\approx 40\%$** .
- Prioritized and escalated high-risk alerts** by analyzing PowerShell misuse, brute-force attempts, and anomalous process execution, **improving investigation turnaround time by  $\approx 25\%$** .

### Network Intrusion Detection & Traffic Analysis (Suricata IDS)

Oct 2025

- Monitored and investigated IDS alerts** generated from simulated attacks, analyzing traffic patterns to validate true threats and rule out benign network activity.
- Reviewed 25+ security events** to assess alert severity and detection logic, gaining hands-on experience with SOC based alert validation and escalation decisions.

### Endpoint File Integrity & Baseline Monitoring Utility (Local-FIM)

Aug 2025

- Designed a Python-based File Integrity Monitoring (FIM)** solution to detect unauthorized file and directory changes by establishing cryptographic baselines, strengthening basic endpoint security monitoring capabilities.
- Evaluated file change alerts** to differentiate legitimate system activity from suspicious modifications, **reducing unnoticed tampering risk by  $\approx 20\%$**  in a simulated local environment.

## EDUCATION

Vellore Institute of Technology, Bhopal, India

Sep 2022 - May 2026

**B.Tech in Computer Science & Engineering in Cyber Security & Digital Forensics**

GPA: 9.00

- Courseworks:** IT Networking, Operating Systems, Digital Forensics, Risk & Compliance, Data Structures

## AWARDS & ACHIEVEMENTS

- Campus Ambassador, Entrepreneurship Development Cell (eDC), IIT Delhi** – Led campus outreach initiatives, increasing student participation in entrepreneurship programs by **100+ students**.
- Project Coordinator, Cyber Warriors Students Union Club, VIT Bhopal (2024)** – Coordinated student-led cybersecurity activities and supported technical event execution.
- Oil India Corporation Merit Scholar (2020)** – Awarded for academic excellence in Class X Board Examination.
- Completed 80+ cybersecurity labs** on TryHackMe, maintaining a profile in the top 7% globally.
- CTF Competition** – Secured **3rd position** among **50+ teams** at VIT Bhopal Annual Tech-Fest 2025.

## LANGUAGES

English, Hindi, Bengali, Assamese
